June 26, 2009

Thank you!

I just wanted to say thank you to everyone for working so hard and diligently to make the 2009 E&P Standards Conference on Oilfield Equipment and Materials very successful. Every aspect was handled so well. The meetings went very smoothly, and your efforts were recognized by our attendees and the API program staff. All of our meetings were set up *perfectly* and on time. Rooms were clean and welcoming. Thank you for providing a great atmosphere for the committees to meet and work.

I have truly enjoyed your attentiveness and friendly and professional attitudes. I appreciate all of your efforts. I hope that you will accept this small token of appreciation to that affect.

I look forward to our next meeting in October 2010.

Very sincerely,

A handwritten signature in cursive script that reads "Arnetta Smith".
